The NVSRS committee meets monthly to discuss issues such as: 1) the financial status of the organization including the current balance of funds and how those funds will be appropriated, 2) scheduled events, 3) website updates, 4) changes to make the organization more efficient, 5) any other issues that need to be addressed.

Anyone wishing to have a topic discussed by the committee is encouraged to contact one of the committee members listed above.

Meeting minutes are taken for each meeting and are available upon request. Anyone interested in receiving copies of these minutes should contact Tanya at tanyatisch@charter.net.

Annual member meetings are usually scheduled for October and all members are encouraged to attend. This meeting is primarily to sign up members for the upcoming season and to identify and/or discuss any necessary changes to the organization's racing rules. Members are able to address any issues or concerns to the entire member group as well.
